In spite of the hard times and discouraging outlook the news comes department. that the farmers have gone to work in earnest looking only to the hope of the | HERALD will be to furnish its readers future. There is something in the with all news pertaining to this county, newly turned soil which brings hope, and no effort will be spared to make and THE NEWS AND HERALD joins the it a newsy and interesting sheet. We farmers in putting behind us the dis- mean to let those who live in one appointments of '93, and in pushing section of the county know what is erative powers of this Southland are the number of our correspondents, and wonderful and let us hope that the hope to make the paper more interestclose of the year 1894 will bring with | ing than it ever has been. it a prosperity which shall abide with

WE are requested by the gentleman, who suggested the ticket published 2 few days ago, to say that he is not a and that this process of reaching out much hog food can be produced on the to his suggestion, and if the conservative Tillmanites wish to elect a good ticket like that we shall certainly offer no objections, but the past has proven that the "Conservatives" can do nothing. If any change for the better is to be made in our State government, it must be done by the thinking and conservative men among the "Reformers." We hope that it will not be long before the latter will take the lead and lead us out of this wark wilder-

THE dispensary law is bad enough, but when the "spies" begin to slap women we shall not be surprised if some of its strongest advocates should condemn and resent such proceedings. We have never had any words of censure for the administration in trying to enforce the law as far as its provisions will authorize, but we cannot approve of the Charleston proceedings. The law is wrong in principle and the more it is enforced the clearer it becomes evident that it is a bad piece of legislation that should be repealed. We hope that Governer Tillman will will reveal its bad features.

THE congestion of money in New of her bull-dog husband. York, and other money centres shows a very unhealthy condition of business, and may result in stimulating speculation to a dangerous extent. It also shows that it is not more money that is needed but such laws and conditions as shall restore confidence and stimulate enterprises. With the unjust tariff | fights "by appointment" how laws repealed, the financial policy of could the Florida Judge escape the country based on sound and hon- the conclusion that the Corbett-Mitchell est money and the disappearance of fight was against the Florida Statute pratoes are ready for use, even potato bigotry only equalled by members of the wild cat financial herisies of the on the subject? Governor Mitchell vines, if the growth is sufficiently lux. the late legislature—and we find him populisis, this great reserve energy, may have been influenced to a great uriant to permit of their being cut continually encrocking upon the rights new lying idle in the vaults of big extent in the course which he took by banks, will go out among the people a desire to create a little political capifructifzing labor and bringing hope tal, knowing that he held the popular in the future. And this is what is side, still he was right in his purpose perhaps be the best crops to raise den has recourse to the civil process expected of the Democratic congress whatever may have been his motive,

Our friends across the North Carolina line are having a little rumpus Elias and Simmons, the latter the Chairman of the Democratic party in Chairman of the Democratic party in Jacksonvilla we feel like there should time to cultivate, yet would produce him, and without the subterfuge of the State, were appointed collectors. be. Senator Vance objected to Elias on character and he withdrew. Simmons has been appointed, and his appointment is hanging up in the Senate for ment in the making of the rules are sown broadcast and not cultivated. It would take a bushel of peas to plant there came a nare and a days time to plow them in, then if you allow the hogs to do the land with ruliness.

Robespierre's head falls into the basket the college for ment in the second of the land with ruliness.

It would take a bushel of peas to plant and not cultivated. It would take a bushel of peas to plant and not cultivated. It would take a bushel of peas to plant and not cultivated. It would take a bushel of peas to plant and not cultivated. It would take a bushel of peas to plant and not cultivated. It would take a bushel of peas to plant and not cultivated. It would take a bushel of peas to plant and not cultivated. It would take a bushel of peas to plant and no ment is nanging up in the Senate for confirmation. Senator Vance, it is said, that he objects to this confirmation, and some Democrats in the State tion, and some Democrats in the State tion, and some Democrats in the State tion.

The as soon as one the gathering themselves, this is about the only expense you are at; you can the only expense

are incensed because the Senator will give no reason for his objection. Simmons is said to have been a very hard Democratic worker in elections in 1892, and it is said that nothing can be brought against his character. So it seems that South Carolina is not alone in complaining of its Senators.

and written in respectful language and and direct the struggle. RAISE HOGS.

How i Can be Done in This Country at a Minimum Cost -It Now Takes One Bale of Cotton to Pay for One Large Hog--A Very Thoughtful Article on the Subject. In view of the present low price of

cotton and recent high price of bacon, would probably not be amiss for farmers to pay more attention to the GOVERNOR TILLMAN'S interview on raising of hogs and a few suggestions the recent conferences in Washington, as to the method of raising food on published in the daily press, shows which to feed them might not be out that the Governor has at last become of place. While it has long since been "trained politician," one of those found out by experience that hogs feed witty fellows mentioned in the ramous exclusively on corn raised on thin land manifesto with the writing of which are raised at a loss, yet it is highly he had something to do. Appreciating probable that if other articles of food, that the dissensions developing among such as turnips, sweet potatoes, peas, the lieutenants would result in the beets, pinders and sugar cane are used, repudiation of the bosses by the people, then the bacon might be produced at he has practically shifted the fight little cost and sold at a much better back to the reform voters in the pri- profit than cotton at the present low maries, where he knows he can manage price. Bear in mind that while no knows his power as a bamboezler of going articles of food when raised in his people and he has no idea of large quantities, there is no trouble allowing his coat-tail swingers to whatever in selling bacon. It is not long since it would take almost a bale ieopardize his chances for the Senate of cotton to pay for the bacon which by getting up a quarrel among them-selves. He also knows that Irby & Co. land and a great amount of labor to land and a great amount produce the bale of cotton Is it not a pertinent inquiry: can or three a pertinent inquiry: can an can be purchased with the co raised on the same land, and th ton altogether, yet would not be advisable to devote at least a few acres of good land to the raising of food crops? TWO FOOD CROPS IN ONE YEAR ON THE

SAME LAND. It takes an acre of good land to make ten bushels of corn, and this makes very little heg food. The same acre of land if planted in sweet potatoes and well worked would perhaps very harmonious. Mr. McLaurin got make a hundred bushels of sweet mad and withdrew. Governor Till- petatoes, the value of which as a hog food would equal between thirty and the land is properly manured. Use peas. the turnips to feed young hogs in the in Washington without consulting the spring and the potatoes to fatten them sown broadcast between the hills of mighly hard to bamboozle him, for he ernment. Naming the Governor of and betore the petatoes are ready for sown soon after fodder pulling time of this State that the writer has ever are planted, remain sound long after turnips and potatoes on the same plece of land in one year might be raised as

MANURE LAND HEAVILY IN THE DRILL and plant the turnips early in the spring. They will then be ready to feed by April or May. Have your sweet potato slips ready to set out as early as possible, but do not wait until you have gathered your turnips before setting them out. Do not gather the turnips except as you feed them, for retarded their growth very little. Perhaps a better plan would be to manure the land broadcast and plant the tur nips in rows three or four feet apart and as soon as the potato slips were ready to set out with a side plow. throw up a bed between the turnip rows and on this bed set out the potato slips, cultivate with a hoe until all the can be better cultivated at the early stage of their growth than they could be when planted on the same bed with the turnips; but this method would require broadcast manuring and perhaps a little more manure. By plantwell manured these crops could be followed with a small grain crop without to pay the expense of cultivating the preceding crop of turnips and petatoes.

SOFRCE. out detaching it from the old hill, and then cover it and allow it to remain whole space is covered. By allowing the vine to remain attached to the Mrs. Corbett said that "Jim was in original potato hill until roots have necessity of watering the new hill, which would be necessary if you cut vine at the time you put it in the hole, and there will be but little danger of the new vine wilting unless you are too hasty in cutting it loose from the recommended only when the potato slips you have are insufficient to set out all the land you wish to plant.

HOW TO FEED THE HOGS AFTER THE

cured by the use of

Hill's Tablets.

THE OHIO CHEMICAL CO.:

DEAR SIR:—I have been using your cure for tobacco habit, and found it would do what you claim for it. I used ten cents worth of the strongest chewing tobacco a day, and from one to five cigars; or I would smoke from ten to forty sipes of tobacco. Have chewed and smoked for twenty-five years, and two packages your Tablets cured mess I have no desire for it.

desire for TOBACCO in from 3 to 5 days. Perfectly harm-thay be given in a cup of tea or coffee without the knowl-ill voluntarily stop smoking or chewing in a few days.

DRUNKENNESS and HORPHINE HABIT can be cured at home, and with-the patient, by the use of our special FORMULA GOLD CURE TABLETS.

During treatment patients are allowed the free use of Liquor or Morphine until such time as they shall voluntarily give them up.

We send particulars and pamphlet of testimonials free, and shall be glad to place sufferers from any of these habits in communication with persons who have been cured by the use of our TABLETS.

HILL'S TABLETS are for sale by all FIRST-CLASS druggists at \$1.00 per package.

If your druggist does not keep them, enclose us \$1.00 and we will send you, by return mail, a package of our Tablets.

Tablets. Write your name and address plainly, and state whether Tablets are for Tobacco, Morphine or Liquor Habit.

DO NOT BE DECEIVED into purchasing any of the various postrums that are being offered for sale. Ask for HILL'S TABLETS and take no other.
